

Basic Ultrasound Class Sponsored by Samsung Ultrasound
 Soft Tissue Level 1
 November 17 and 18, 2018
 Irving, TX

The objective for this course is for the attendee to leave with the knowledge of how to recognize an ultrasound case, incorporate ultrasound into their practice, and how to create a study for someone to interpret, of the five main abdominal organs. This will be accomplished through learning the basic knobs necessary to create a diagnostic image, how to tweak that image with these knobs, do measurements, and follow a scanning protocol. Recognizing artifacts will be covered, as well as how to quickly assess a trauma case with ultrasound. Hands-on scanning will reinforce the didactic portion, and recognizing normal tissue. Attendees will earn 14 RACE approved CE credits.
 The 1st day will be all lecture and the 2nd day will be hands-on scanning on a variety of Samsung Ultrasound systems (3 students per station). Lunch and snacks will be provided.

Registration: Discounted Registration fee is \$1200 (normally \$1500) per person. It is limited to 12 participants and it will be filled on a first come, first served basis by receipt of payment.

Registration Deadline: October 26th, 2018

To register, please complete the registration form and fax it to 727-347-7140 you may also email your completed registration form to carmen@choicemedical.com and call us to provide your credit card payment.
